

Universal Stand

The universal stand offers physicians a more ergonomic design with a lighter, more robust, and modular architecture. Ideal for point-of-care ultrasound applications, the universal stand can be easily manoeuvred through crowded hospital corridors and optimally positioned at the patient's bedside or in other space-constrained areas. The H-Universal™ Stand and V-Universal™ Stand are compatible with our third and fourth generation products.

The universal stand can be upgraded to incorporate SonoSite Power Solutions (see reverse side) to offer the most flexible options to meet the challenges of point-of-care environments.
